Super Duper Shapes

PROVE YOURSELF: SUPER DUPER SHAPES

In Super Shapes, the player would dodge through the gaps in shapes one at a time. Now, in the Super Duper Shapes Prove Yourself, several shapes come at the player at once.

To build it, you will:

- 1. Duplicate each of the 4 original prefabs.**
- 2. Change the shape and size of the duplicated prefabs.**
- 3. Change the shrink and rotation speed of the shapes so that there is enough room for the player to still survive.**
- 4. Add the new shapes to the array so they correctly spawn.**

It's up to you how these new shapes look. Try combining two shapes together or make harder versions of the original shapes.
