**Activity 06 Prove Yourself:**  
**Evil Fortress of Doctor Worm**

# Prove Yourself

## Get Started

- Open the Level 4 scene
- Initially the scene just has Codey, a door and an exit.

## Task

Evil Fortress of Doctor Worm has a fourth scene, but it's empty. Use what you've learned to set up a new room with another puzzle for the player to solve. Make sure to use the boxes, switches and lasers located in the Prefabs folder. You might need to add scripts and other components from parts 1, 2, and 3 to the objects.
